### MORTAL REMAINS OF FIRST DEAD BURIED IN FRANCE

French Soldier Pronounces Eloquent Tribute Over Their Bodies as Gun Roar

RESTING PLACES STAND AS TOKEN OF ALLIANCE

Words of Commanding Officers Touch Deeply Contingent From United States

With the American Army in France, Nov. 8.—The first three American soldiers killed in battle in France are tonight sleeping in French soil. Their final interment took place yesterday.

With a guard of French infantrymen in their picturesque uniforms of red and horizon blue, standing on one side, and a detachment of American soldiers on the other, the flag wrapped caskets were lowered into the grave, as the bugler blew taps, and the batteries at the front fired minute guns. As the minute guns went off, the French officer commanding the division in this section, paid tribute to the fallen Americans. His words, which were punctuated by the roar of the guns and the whistle of shells, touched both the French and the Americans. In conclusion, the French officer said:

"In the name of the 4th division, in the name of the French army, and in the name of France, I bid farewell to Private Enright, Private Gresham, and Private Hay of the American army.

"Of their own free will they have left a prosperous and happy country to come over here. They wished to give up their generous hearts, and they have not forgotten old historic memories while others forget more recent ones.

"They crossed the ocean at great peril, they took their places on the front by our side, and they have fallen facing the foe in a hard and desperate hand to hand fight. Honor to them. Their families, friends, and fellow citizens will be proud when they learn of their death.

"First to Sacrifice Lives. "Stand these graves, the first to be dug in our national soil, and only a short distance from the enemy, as a mark of the mighty land, we and our allies firmly clinging to common task, confirming the will of the people and the army of the United States to fight with us to a finish, ready to sacrifice as long as is necessary, until final victory for the most noble of causes, that of liberty of the nations, the weak as well as the mighty. Thus the death of these humble soldiers appear to us with extraordinary grandeur.

"We will, therefore, ask that the mortal remains of these young men be left here, left with us forever. We inscribe on the tomb: 'Here lie the first soldiers of the Republic of the United States to fall on the soil of France for liberty and justice.' The passerby will stop and uncover his head. Travelers and men of heart will go out of their way to come here to pay their respective tributes.

"Private Enright, Private Gresham, Private Hay, in the name of France, I thank you. God receive your souls. Farewell."

Chicago, Nov. 8.—Prices of ham and bacon to the consumer were cut 5c to 10c by the Illinois food administration today. The government's complete control of the packing industry lent importance to the announcement. While for the moment the cut applies to Chicago and suburbs only, prices set here will eventually serve as the standard for the whole country.

STATION FOR BELFIELD. Structure Destroyed by Fire to Be Replaced Soon.

Belfield, N. D., Nov. 8.—Belfield soon is to have a new station, to be of brick and attractively designed, to replace the Northern Pacific depot recently destroyed by fire. Supt. G. H. Jacobus and W. T. Kraft, general freight agent, have had a conference here with secretary Shoeman of the Commercial club, and the plans have been found satisfactory.

### HIS MOUSTACHES THREATEN ITALY

Marshal Conrad von Hotzendorf, long commander-in-chief of the Austrian army on the Italian front, is probably the master strategist in whose brain the whole campaign against Italy was mapped out. He is almost the only Austrian general who has not lost his reputation during the war. Perhaps that is because his moustaches are little brothers to those of Kaiser Wilhelm.

### CANADIANS ARE STILL BEATING BACK THE HUNS

Struggle Goes on in Mud and the Enemy Slowly Yields

Ground. CONCRETE DUGOUTS ON LINE ARE TAKEN

Canadian Headquarters in France, Nov. 8.—Over Passchendaele ridge, into the mud of the far-reaching Roulers plains, Canada has driven the Huns. This afternoon the men of the Dominion are well established on the crest with Passchendaele village in their hands, and with a good sized semi-circle of captured ground. The wounded are coming down the line exhausted and covered with mud, but jubilant, and with them are coming German prisoners, dazed from the terrific artillery bombardment, worn out from their experiences of the last few hours and despondent at the loss of Passchendaele, but glad to be removed from a winter campaign in the mud.

Eighteen officers and nearly 300 of other rank have been taken prisoners by our men, making a total since the beginning of the operations on Oct. 25, of more than 30 officers and nearly 900 non-commissioned officers and men. All the prisoners agree that Passchendaele ridge was to have been held, or, if lost, recaptured at all costs. They all bear testimony to the deadly character of our artillery barrage, testimony which is borne out by great praise of our own infantry. Our machine gun fire also was very destructive.

It was 6:02 a. m. when our barrage lifted and the infantry went forward. From then until 7:30 the Canadian battalions moved steadily forward. Our advance was so rapid and so excellently planned and our men followed the barrage so closely that the concrete dugouts were stormed in many instances before the enemy could come into action.

One prisoner reports his whole company casualties, those who endeavored to run back before our advance, the troops being caught in our barrage, while others were either killed or taken prisoners. Another prisoner declared when ordered to counter attack, his regiment advanced in extended order until within striking distance, but the losses were so enormous that they were ordered to retire. On the retreat they were mowed down by our machine guns.

Passchendaele was a mass of ruins from the destructive fire of our "heavies," which for days before the attack, had poured shells into the village.

### COLONEL HOUSE AND COLLEAGUES SAFELY ACROSS

American Mission on Other Side Ready for Conference with the Entente Powers.

SECRETARY LANSING ISSUES STATEMENT

President's Personal Representative to Confer with Allies' Statesmen on War.

Washington, D. C., Nov. 8.—The safe arrival at a British port of the American commissioners to be allied war conference, headed by Col. E. M. House, was announced late yesterday by the state department.

Washington, D. C., Nov. 7.—An American mission landed in England today on the eve of the opening of the first great war conference in which the United States will participate.

Col. Edward M. House, President Wilson's personal friend and adviser, is the officially designated representative of the United States. He is accompanied by a staff representing every war agency in the United States, including Admiral Benson, chief of naval operations, and Gen. Bliss, chief of staff of the army.

Announcement by Secretary Lansing tonight of the arrival of the party "at a British port" released American newspapers from a pledge of silence as to the personnel of the mission and its movements. The departure of this group of the most distinguished men in the government's war councils was a carefully guarded secret until they were safely through the submarine zone.

Even many army and navy officials were not aware that their chiefs had sailed.

The date and place of the conference has not been made public, though the understanding here is that the sessions are about to begin.

In a statement accompanying his announcement, Secretary Lansing emphasized the fact that this gathering is to be a war conference and nothing else, charged with mapping out a plan of campaign against Germany to "bring the conflict to a speedy and satisfactory end."

"There have been many indications that the conference was called at the request of the United States.

In selecting its representatives the United States has provided in advance against becoming involved in any discussion of peace terms or political questions. There is no diplomatic representative with the mission. The business at this time of every member of Col. House's staff is war making, and there can be no discussion of any matters not having to do directly with the prosecution of the war.

Members of the mission are Admiral Wm. S. Benson, chief of naval operations; Gen. Tasked H. Bliss, chief of the army staff; Arthur T. Crozier, as assistant secretary of the treasury; Vance McCormack, chairman of the war trade board; Bainbridge Colby of the shipping board; Dr. Alfonso E. Taylor of the food administration, and Gordon Auchincloss, secretary.

In making the announcement Secretary Lansing said the conference would be essentially a war conference with the object of perfecting a more complete coordination of the activities of the allied nations in order to attain the highest efficiency. This is the American government's first definite announcement of the purpose of the meeting.

Even the fact that the Americans were to participate in the conference had been named had been a carefully guarded secret until they were safely through the submarine zone and safe on British soil. The part that the United States is to play in framing the great allied program is emphasized by the fact that the mission headed by President Wilson's personal friend and adviser, includes the highest officers of the army and navy.

Lansing Makes Statement. Secretary Lansing made this statement: "The government of the United States will participate in the approach conference of the powers waging war against the German empire and has sent as its representative, Mr. Edward M. House, who is accompanied by Admiral W. S. Benson, chief of naval operations; Gen. Tasked H. Bliss, chief of staff, U. S. A.; Oscar T. Bliss, assistant secretary of the treasury; Vance McCormack, chairman of the war trade board; Bainbridge Colby, United States shipping board; Dr. Alfonso E. Taylor, representing the food controller; Thomas Nelson Perkins, representing the priority board, and Gordon Auchincloss as secretary."

"The conference is essentially a war conference with the object of perfecting a more complete co-ordination of the activities of the various nations engaged in the conflict and the more comprehensive understanding of their respective needs, in order that

### ITALIAN ARMY CONTINUES TO YIELD GROUND

No Indication as Yet Where Effort to Reform Will Be Made.

CANADIANS KEEP UP VIGOROUS ATTACKS

Heavy Artillery Fire Directed on American Trenches But No Attack Comes.

By Associated Press.

The Italian armies are continuing their retreat westward over the Venetian plains from the Tagliamento river and southward from the Dolomites and Carnic Alps region toward the plains. The retreat is declared by the Italian war offices to be an orderly one, with the rear guards on both fighting fronts holding back the enemy, and with airplanes also playing an important part in harassing the invaders, destroying bridges that have been thrown over the Tagliamento and bombing troops trying to cross the stream.

All the Berlin official communications assert that the Germans have reached the Livenza river on the Venetian plains. General Cadorna would fight a retarding action, but it is believed that this is only in the center, and that the greater portion of General von Below's forces still are negotiating a passage of the Tagliamento or working its way westward over the flat country, harassed by the Italian cavalry.

There has been no indication as to where the line of Italian retreat is to be reached. Nor is there any information concerning where General Cadorna reinforced by the British and French, will make his stand, but the belief prevails that the Piave river will be chosen for this purpose.

That aid by the allies is required and in no unshared measure has been asserted in semi-official quarters in Rome.

The Teutons are declared to have staked everything on their attempt to crush Italy and the allies must rush up assistance with the utmost speed if Cadorna is to check the enemy.

Thus far since the retreat from the Tagliamento and the north began it is evident that the invaders have not come in close contact with the main Italian forces, for the Berlin war office tells of no great battle having been fought anywhere and does not allude on large numbers of prisoners having been taken, merely saying that several thousand troops have fallen into Teuton hands.

### OHIO DRY BY SLIGHT VOTE

Latest Return Give Prohibitionists a Majority of 1,803

Cincinnati, Ohio, Nov. 8.—Unless there are discrepancies that are not known at this time, or unless the official vote varies to an extreme extent from the unofficial, state wide prohibition in Ohio has carried by a majority of approximately 1,800.

Late returns from local districts into the early hour established by midnight had not only wiped out the majority that was made when the error in Hamilton county vote had revealed the fact that the vote was ten thousand votes better off than was thought on election night, but the prohibition votes were rolled up so fast that it was not long before a rather substantial lead was made.

Returns from 5,736 precincts in Ohio on prohibition give, Prohibition 516,524; against, 514,685.

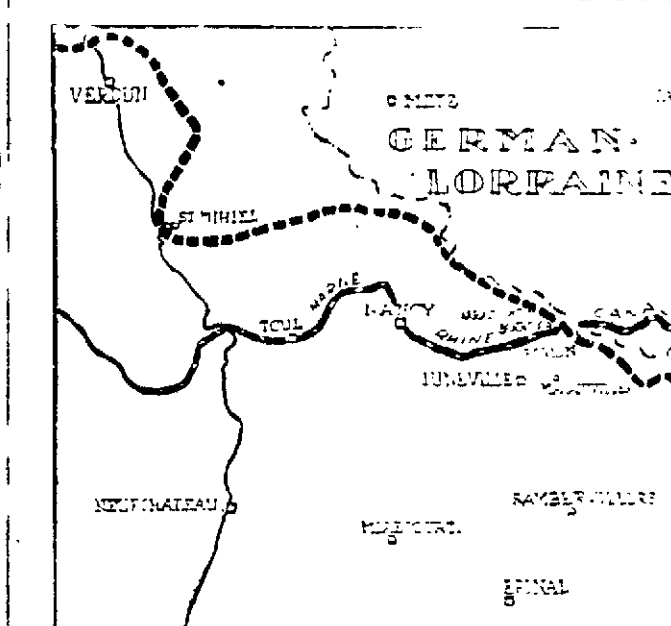

This gives the dries a majority of 1,839. Twenty precincts in Mahoning county are the only missing precincts on the unofficial count.

On the unofficial but complete returns from every one of the 5,736 precincts in Ohio, prohibition has carried by a majority of 2,452. The vote for prohibition, 519,171, against prohibition, 516,219.

NEW MEXICO FOR PROHIBITION. Santa Fe, N. M., Nov. 8.—Incomplete returns of 16 of the 27 counties in New Mexico indicated that in yesterday's election a majority of 19,000 was given for a prohibition constitutional amendment. Another proposed amendment limiting taxes of any year to not more than five per cent more than those of the preceding year apparently has

The revelation that U. S. troops are fighting near the Marne-Rhine canal shows in what general part of France they must be. The canal along which a scouting party of 12 Americans were captured by the Germans crosses the

### CADORNA STILL WITHDRAWING ARMIES OVER VENETIAN PLAINS TOWARD DEFENSIVE POSITION

By Associated Press. Across the Venetian plains the Italians continue to retire to a new defensive line, where plans will probably be made to make a stand against German-Austro advance.

The invaders, Berlin announces, have reached the Livenza river, between the Tagliamento and the Piave. General Cadorna has indicated that the Italians might stand on the Livenza line, but it is not improbable that the Piave will form the main part of the position. Berlin makes no claim that the Livenza has been crossed.

In retreating from the Tagliamento line, the Italians were not as hurried as in their retreat from the Isonzo and lost few prisoners and guns.

While the Tagliamento line became untenable through the drying up of the river, the streams behind General Cadorna are larger and less susceptible to sudden changes. The Italians also have the advantage of more railroad lines and less mileage from important ports and manufacturing centers. The Austro-Germans, on the other hand, are getting farther away from their bases, and their lines of supply and communication must be built up on the ruins left behind by the Italians. In the capture of the important position of Passchendaele, northeast of Ypres, on Tuesday, the British took 400 prisoners. Crown Prince Rupprecht of Bavaria did not attempt counter attacks. British guns now threaten the whole German line from the coast to Lille.

German submarines last week had the poorest harvest in British shipping of any week since the intensified campaign began last February. Only twelve vessels, eight of more than 1,500 tons, and four of the lesser category, were sunk. In the last four weeks 73 British merchantmen have been sunk by German submarines or mines, while in the last two weeks of April and first two weeks of May, 175 were lost.

NEGRO RIOT at Houston Under Quiz

Witnesses Tell the Story of the Tragedy Following Mutiny of Blacks.

POLICEMEN TELL OF INCIDENTS OF FRAY

San Antonio, Tex., Nov. 8.—The fatal shooting of three Houston policemen in the attack by negroes of the 24th infantry on that city on Aug. 23 was related by witnesses at the court martial trial of the 63 negroes charged with mutiny, murder and rioting here today. Two witnesses told of seeing the police and negro soldiers exchange shots. Only one negro was killed during this fusillade, according to the testimony.

W. H. Long, one of the six policemen sent to the San Felipe district on the night of the riot, said he was armed with a "six shooter" but did not fire on the soldiers. Neither did he see any of his fellow officers fire on them, he testified. Several policemen, he said, were armed with rifles and riot guns.

The policemen shot, he said, were D. R. Patton, Horace Moody and R. Daniels.

"When we came up to where the negro soldiers were in the street one of them issued a command to 'Halt,' and then they opened fire on us," Long said.

He estimated that he saw 50 or 60 negroes.

W. C. Wilson, police sergeant, said he had a riot gun loaded with buckshot, and that after the negroes had opened fire he fired twice, but did not know that he hit anyone.

### MAXIMALISTS IN BLOODLESS COUP D'ETAT

Immediate Armistice with Germany One of the First Planks In Platform

LAND MUST BE HANDED OVER TO PEASANTS

President of Executive Council Announces End of Provisional Government

London, Nov. 8.—The Maximalists have obtained control of Petrograd and have issued a proclamation saying the new government will propose immediate peace, the semi-official Russian news agency announces.

The Maximalists were assisted by the Petrograd garrison, which made possible a coup d'etat without bloodshed.

A proclamation sent out through the wireless station of the Russian government today and picked up here states that the garrison and proletariat of Petrograd have deposed the Kerensky government.

Leon Trotsky, president of the central executive committee of the Petrograd council of soldiers' and workmen's delegates issued a declaration to the effect that the provisional government was no longer in existence. The preliminary parliament has been dissolved.

An exchange Telegraph dispatch from Petrograd says a strong detachment of troops of the soldiers' and workmen's delegates occupied the Latta railway station, and that the government commandeered all motor cars, confining the troops to the barracks.

Call for Delegates. A wireless dispatch from Petrograd says that the council of soldiers' and workmen's delegates have announced that the split in the council has been healed, and that a call has been sent out for a delegate from each 25,000 of the population to express the will of the Russian army.

The Russian news agency which as reported last night was seized by the Maximalists sends the following dispatch from Petrograd, dated 9:50 o'clock last evening: "The day brought certain changes in the general situation in the capital. The Maximalist movement made fresh and very appreciable progress, but no disorders have taken place."

"Toward five o'clock in the afternoon the military committee of soldiers' and workmen's delegates issued a proclamation stating that Petrograd was in its hands, thanks to the assistance of the garrison which enabled the coup d'etat to be brought about without bloodshed."

Immediate Peace. The proclamation declares that the new government will propose an immediate and just peace, will hand the land to the peasants, and will summon the constituent assembly.

Delegates from the three Cossack regiments quartered here declared they would not obey the provisional government and would not march against the soldiers' and workmen's delegates, and would not maintain public order.

The Petrograd council of soldiers' and workmen's delegates had a meeting this afternoon at which M. Trotsky made his declaration that the government no longer existed, that some of the ministers had been arrested, and that the preliminary parliament had been dissolved.

Nikolai Lemme, who received prolonged cheers, outlined three problems now a fore the Russian democracy.

First, immediate conclusion of the war, for which purpose the new government must propose an armistice to the belligerents.

Second, the handing over of the land to the peasants.

Third, settlement of the economic crisis.

At the close of the sitting, a declaration was read from the representatives of the democratic Maximalist party of the soldiers' and workmen's delegates, stating that the party disapproved of the coup d'etat, and withdrew from the council of soldiers' and workmen's delegates.

SITUATION SERIOUS. London, Nov. 8.—Major Gen. Frederick H. Maurice, chief director of military operations at the war office, said to the Associated Press:

"The Italian situation is serious, but a considerable part of the alarmist talk which has been circulating is untrue. The report that Von Mackensen made the attack with a force of 200,000 men is fabrication. The enemy forces were commanded by Von Below and by Von Mackensen."

Moreover, the attack was no surprise to General Cadorna, who knew it was coming so far in advance that he issued a communique warning the troops about it.

The withdrawal of the Italians from the Tagliamento line need cause no discouragement, because this was part of Cadorna's scheme from the moment of the first falling back. (Continued on Page Three)

United States district court in Bismarck today. Mrs. Johnson alleges that her husband, the late Robert T. Johnson, a prominent young farmer of Burleigh county, was killed through the negligent operation of a train of cars by the railway company.

The action was originally commenced in the district court of Burleigh, but was removed to the federal tribunal by the defendant. The matter will come on for trial at the next session of United States district court here. The accident resulted in the installation of gates at this crossing at the request of the city commission.

Johnson was hastening into town to procure medicine for his wife, who was ill. He failed to see a string of flat cars which a switch engine was pushing toward the Third Street crossing, and his Ford car was caught broadside. A neighbor, who had come in with him, saved his life by leaping onto the flatcar, but Johnson, with the automobile, was borne under the car-wheels and carried several rods before the train was stopped.

Among the witnesses summoned are Krist Kjelstrup and Henry Cass of the Capital Security bank of Bismarck; C. W. Streeter and R. B. Nixon of Baldwin; H. G. Higgins and B. F. Bucyrus, Griffin and other Milwaukee line points which have applications for crossings pending with the railway commission may be compelled to wait until the supreme court can act before they will know whether these crossings are to be available. The commission some time ago ordered in a crossing on the Milwaukee line at Bucyrus. The company's legal department at Aberdeen came back with a question as to the commission's authority under the North Dakota statutes to order in a crossing where a road which has not been regularly in use is effected. The statute, the company claims, applies only to highways "in use," and not to "paper highways," on section lines. Another letter just received at the commission's office suggests the advisability of a friendly suit to determine the commission's powers, and it is probable such action will follow a conference with the attorney general, to whom all correspondence in the case has been referred.

## 444 Officers Chosen From Ft. Snelling

Very Few Majors and Captains Selected from Men in the Training School.

## GREAT MAJORITY ARE LIEUTENANTS

Fort Snelling, Minn., Nov. 8.—While it was officially made known today that only 444 of the men commissioned at the Fort Snelling reserve officers training camp would be called into active service, Maj. A. M. Ferguson, senior instructor, tonight expressed the opinion that all of the officers would soon be needed to command troops.

These 444 men who will be ranked in class A, among them will be a "very few" majors, six per cent captains and the remainder first lieutenants. They will be assigned to duty about Dec. 15. All of the other men, with the exception of the regular army provisional lieutenant who will be commissioned in the reserve officers corps and attached to army units as needed, will be sent to their homes to await orders.

"I believe the other commissioned men will be needed soon. The national army will be constantly enlarged and officers will be needed," Major Ferguson said. Much interest is manifested in the visit of the signal corps board, which will visit the camp soon to examine men for commissions in that branch. There are six divisions in the signal corps in which men are needed. The duties are administrative and technical.

## BIG LAND DEAL. Ray Homesteader Sells Holdings for \$18,000 in Cash.

Ray, N. D., Nov. 8.—One of the largest land deals consummated in this district for some time was made when W. D. Gillespie of Fargo sold his 360-acre farm northeast of Ray to E. M. Tatter for \$18,000. Gillespie was one of the earliest settlers in this vicinity, locating on his original homestead in 1902. Land, which he acquired then for little or nothing has not netted him \$18,000.

## ST. PAUL MARKETS CLEFT BY THE CAR CONGESTION

St. Paul, Minn., Nov. 8.—To relieve the car shortage which has resulted in a congested condition at the South St. Paul market, the St. Paul Union Stockyards company late today declared an embargo on through shipments of cattle brought to South St. Paul for unloading and reloading, unless the carmen making the delivery provides cars for reshipping. The decree is effective Saturday. Owing to the shortage of livestock

## ARM THAT WAS CRUSHED SAVED BY GOOD SURGERY

R. S. Armstrong of Steele was in the city today exhibiting a fairly good specimen of a right arm. Several weeks ago his arm was wound around a pulley in his feed mill at Steele, crushing all the bones, and straining every tendon. It seemed that amputation would be inevitable, but Bismarck surgeons saved the member, and Mr. Armstrong hopes soon to have the use of it once more. But for this accident, the Steele man now would be at Long Island, preparing to embark for France with the North

## Seed Grains Deficient in North Dakota

Shortage of Crops and Immaturity of Grain Responsible for Condition. SUPPLY OF WHEAT PROBABLY AMPLE

Fargo, N. D., Nov. 8.—There is a serious shortage of seed grain in North Dakota, and farmers of the state will have to buy 1,000,000 bushels of seed oats, half as much barley and 150,000 bushels of flax for sowing next spring. J. N. Hagan, commissioner of agriculture, declared today.

A shortage of seed corn also exists. Hagan said, but no scarcity of wheat for planting is anticipated. Shortage of crops and immaturity of the grain in the central and western part of the state, he said, are responsible for the shortage.

FRESH PLOT OF SINN FEINNERS IS SUSPECTED

Arrest of Thomas Walsh, a British Subject, Leads to Developments.

New York, Nov. 8.—Channels through which Sinn Fein leaders in Ireland have been communicating with their agents in the United States have been disclosed, through the arrest of Thomas Walsh, a British subject, who waived examination today on a charge of violating the trading with the enemy act when arraigned before a United States commissioner.  
That Walsh is identified with Sinn Fein propaganda was learned from a letter which he attempted to destroy when arrested at the ship pier according to an assistant United States district attorney. Walsh came to the United States aboard a steamship

which arrived here on Sunday, having shipped as a member of its crew. The letter has been pieced together and federal authorities say it tells of Sinn Fein activities both in Ireland and the United States. According to Wm. J. Flynn, chief of the secret service, the communication mentions "General" Liam Mellows, Sinn Fein leader, who was arrested in this city on October 20, and Patrick McCartan, an associate of Mellows who was taken off a ship at Halifax, N. S., at about the same time. Each had sailed under a fraudulent seaman's passport, and are now being held for this infraction of law pending investigations.

According to Chief Flynn, the information resulting from Walsh's arrest will be of value to authorities investigating Sinn Fein plots "on the other side," as well as those tracing the supposed connection of a number of American residents with these intrigues.  
Although now held in the Tombs in default of \$2,500 bail, federal authorities tonight declared "other court action" probably would be taken tomorrow in connection with Walsh's arrest. Pending this "court action" they refused to divulge the contents of the letter found in Walsh's possession.

Developments now depend largely on the time in which allied reinforcements reach the line in adequate numbers.  
Referring to the German claims of an enormous bag of prisoners, General Maurice expressed the opinion that these were largely overdrawn, saying:  
"The Germans naturally make the best possible story and it is likely that they have counted all the civilians in the total of prisoners they announced."

**GAZA CAPTURED**  
London, Nov. 8.—The British have captured the City of Gaza, in Palestine, the war office announces.  
This British have made an advance of nine miles, carrying the whole Turkish system of defence in this region, and capturing two towns in addition to Gaza.  
The new British offensive in Palestine, which is being prosecuted vigorously now that the oppressive summer heat no longer causes enforced inactivity is being developed along a front eastward from the Mediterranean Coast. Gaza is 30 miles north of the Egyptian border, near the coast. It is about 30 miles southwest of Beersheba, which the British captured a few days ago, and 50 miles southwest of Jerusalem.

SIGNAL SERVICE SCHOOL FOR MEN GOING TO FRONT

Expert Training Offered Missouri Slope Registrants by Bismarck Institution

ONLY 47 CANDIDATES TO BE ACCEPTED FOR WORK

Ranks Rapidly Filling and Applicants Urged to Make Arrangements at Early Date

A school of instruction in telegraphy and telephone, conducted by experts for the benefit of men of draft age who desire to qualify for service in the United States signal corps, will open in Bismarck on December 1. Students will be accepted from any point in the Bismarck division, comprising Burleigh, McLean, Sheridan, Emmons, McIntosh, Logan, Morton, Mercer, Oliver, Sioux and Grant counties without any fee of any kind. The course will continue five months and is designed to give the graduate a thorough grasp of telegraph and telephone operation and make him eligible for one of the most attractive and interesting branches of the army service—a branch which pays from \$37 the month for private of the first class to \$81 the month for master signal electrician.  
The conduct of these schools is in charge of the North Dakota division of defense. The state has been divided into districts, and a chairman placed at the head of each district and of each county. C. L. Young is chairman for the Bismarck district, and he has issued a call for 47 men, the quota assigned to this territory. These men must be of draft age and meet the physical requirements for regular army service. The fact that they are students at the signal service school does not exempt them from responsibility to the draft when they are called, but it does give them the privilege of applying for admission to the signal corps when their time to report comes.  
Chairman Young has named as his local executive committee E. H. L. Vesperman, manager of the Western Union; W. A. McDonald, agent for the Northern Pacific; L. K. Thompson, agent for the Soo line; A. W. Nelson, chief dispatcher for the Soo line; H. J. Johnson and C. W. Pribbenow, of the North Dakota Independent Telephone Co.; Judge W. L. Nussle; George N. Keniston, secretary of the Bismarck Commercial club; J. Maurice Martin, superintendent of Bismarck schools; Cornelius F. Bolt, principal of the Bismarck High school; Dr. G. M. Langum of the Bismarck Business college, and Dr. C. E. Stackhouse, who will serve as medical examiner.  
County chairmen are Judge Samuel L. Nuchols of Mandan for Morton; C. Christenson of Fort Yates for Grant; Col. I. N. Steen of Carson for Sioux; W. T. Thurston of Center for Oliver; J. C. Schaeffer of Hazen for Mercer; T. M. Casey of Garrison for McLean; H. A. Armstrong of Hazen for Emmons; Franz Schube of Ashley for McIntosh and George M. McKenna of Napoleon for Logan.  
Candidates for admission to the signal service school are urged to consult their county chairmen at the earliest possible moment. The enrollment is limited, and already a large number of applications have been received. Not only is the signal service one of the most thrilling branches of the great war game and one of the best paid, but it offers enlisted men an opportunity to become masters of telegraphy and telephone work. These men serve without reward, having promptly tendered the government their assistance when the necessity for establishing a training school was announced.

The word fully vivid and picturesque Alaskan romances of Rex Beach have been read by so many millions of our people that Mr. Beach is today the most popular of American authors. His most widely read story is "The Barrier," showing in film form at the Grand Theatre. The picture closely follows the swift action and striking situations of the book and is a faithful portrayal of adventure and romance of life in Alaska in the days when that land was the haven of hunted men and the birthplace of civilization.

DISTRICT WAR Y COMMITTEES TO ASSEMBLE TODAY

Campaign to Put Second Drive for Funds Over the Top Will Be Mapped Out.

The hearty endorsement of the army Y. M. C. A. work by the officers of the North Dakota men at Charlotte, N. C., has just been received by the state office in the following telegram:  
"Have attached to the campaign Y. M. C. A. building. It is used by seven hundred to a thousand men every night. We heartily endorse the work."  
O. L. FRANE,  
MAJOR ROYD,  
CAPT. HALVERSON.

John A. Graham, chairman of the Y. M. C. A. war campaign for the 12th judicial district, has called a meeting of county and city chairmen for 6:30 this evening, when the leaders will gather at luncheon at the McKenzie to discuss plans for a short, snappy drive which is to be opened November 11 and which is expected to put the district's quota of the state fund over the top inside of seven days.  
Chairman Graham has named as heads of the county committees O. W. Roberts, in Burleigh; C. C. Coventry, in Emmons; B. G. Loughren, in Kidder; J. W. Williams, in McLean; and F. M. Davis, in Sheridan. C. J. Allen, is chairman of the Bismarck city committee, whose other members are H. H. Steele and H. J. Duemeland. The Logan county chairmen is yet to be selected.  
North Dakota's slice of the \$57,000,000 fund which is to be raised for Y. M. C. A. work in the army and navy in the second year of America's war with Germany is comparatively small. The first quota assigned to North Da-

kota was not even so large but there is much more work to do now and there will be yet more after the first of the year.  
Rev. Bruce Jackson, pastor of the First Baptist church of Bismarck, has offered that he may act as Y. M. C. A. secretary for religious work at Camp Dodge where North Dakota already has about 2,000 select service men and whither more will have gone before the Christmas holidays. He will tell the district committeemen just what the War Y means to the boys in army camps and cantonments and at the front.  
Bismarck Organized.  
G. F. Allen, chairman of the Bismarck general committee, has completed the organization of the capital for the big drive. The executive committee, including the chairman and H. H. Steele and Capt. W. S. Casselman, C. G. E. Johnson and O. E. Anderson are team No. 2; H. J. Duemeland will cover District No. 1. C. W. McGray, captain, and H. F. O'Hare and Joseph Preslow take district No. 3; A. P. Lenhart, captain, and John

Good Music.  
These committees meet with the leaders of the district and county organizations at the McKenzie luncheon at 6 o'clock this evening, to map out plans for the campaign.  
"There is no question that Bismarck is prepared to do its bit in this important work," said Chairman Allen this morning. "The enthusiasm and interest displayed by workers and citizens generally is decidedly gratifying."

## Extensive Plans Are Being Made For Annual Sale of the Red Cross Seals

A big drive will be made for the sale of the Red Cross Christmas seals. Never before in the history of the nation and state has the need for funds to fight tuberculosis been so great. With the United States in the midst of world conflict many more victims of the white plague will have to be taken care of.

In a bulletin received at the Northern Division of the Red Cross headquarters in Minneapolis, the importance of a large sale of Red Cross seals this Christmas is emphasized. The bulletin follows:

"Never before has there been such need for a large fund with which to fight the spread of tuberculosis, the bulletin declares. In France and Belgium alone members of the American Red Cross commission have discovered 500,000 cases of tuberculosis, due directly to the war. Hundreds of other cases are coming to the attention of Red Cross workers every month, caused by exposure and undernourishment resulting from German mistreatment of French and Belgian captives. Thousands of such prisoners are being released from the German interior every week and driven across the Swiss borders back to their native land. According to the Red Cross commission's report these released prisoners are in frightful physical condition, a large percentage of them being tuberculosis victims. The entire proceeds of the Red Cross Christmas seal sale will be devoted to war on the disease."

Dr. Fannie Dunn Quain, secretary of the North Dakota Anti-Tuberculosis association is busy mailing out packages of seals to all parts of the state for the opening date of the sale which will be Thursday, November 15, instead of Thanksgiving as in former years. The time has been changed so seals may adorn the Christmas packages sent to France. Red Cross headquarters were allowed to purchase seals as early as November 5, for packets to be sent abroad.

The sale of seals in this state will be used to take care of the 5,000 patients now in the state.

The national and state associations have announced December 6 as "Medical Examination Day." It is planned to start a movement in which

### MANY OLD TIMERS TO ATTEND CELEBRATION

A large representation of the pioneers of Burleigh county is expected to attend the big reunion of the old timers of Burleigh county and Bismarck this evening in the Knights of Columbus hall.

Nothing has been left undone to make it one of the biggest events the Burleigh County Pioneer association has yet held. Dancing, cards and other social diversions will feature the amusements and at the short business session officers for the year will be elected. Refreshments such as the old timers know how to prepare will be served. The invitation is extended to any one residing in the county or city for 25 years and over.

### ARMY NURSE TENDERED FAREWELL BY ALUMNAE

Many friends of Miss Victoria Lindor, a nurse at the Bismarck hospital, gathered at the Northern Pacific depot today to bid her farewell before her departure for American Lake, Wash., where she goes to do active service for the government.

In behalf of the Nurses' Alumnae of the Bismarck hospital, Miss Lindor was presented with a handsome leather traveling case. A meeting of the alumnae was held last evening in the parlors of the hospital and the gift was presented at that time.

Seven nurses, close friends of Miss Lindor, entertained at luncheon Wednesday afternoon in her honor at the home of Mrs. Goodman in Avenue A.

### Women's Club Notes

The Fortnightly Club met Wednesday afternoon with Mrs. A. M. Christensen instead of with Mrs. W. J. Nussle as scheduled. The year's study of "Modern Fiction" was featured by the discussion of current fiction by Mrs. F. S. Talcott, the review of Chapter 3, of the book on prose fiction by Mrs. Robert Orr, a paper on Henry James, the Cornopolitan prepared by Mrs. George Will and read by Mrs. E. J. Taylor and a reading by Mrs. Henry J. Linda, as exemplified in "Daisy Miller" and the "American." The study of Alaska was continued by the Current Events Club at its regular meeting Wednesday afternoon with Mrs. N. H. Fitch of Fifth street and the program was followed by papers on "Agriculture and Stock Raising" by Mrs. J. P. French, "Furs and Fur Farming" by Mrs. F. J. Marcellus and "Railroads" by Mrs. Nellie Everts. Current events were given in answer to the roll call and the plot of well-known operas for the responses. The operas included "Lohengrin," "Tannhauser," "Madame Butterfly," "Pishinhood" and "Martha." The club decided to present Miss Grace Wilson in a lecture on her trip around the world in the very near future. Mrs. C. A. Welch and Mrs. D. J. McGillis were appointed a committee to make the arrangements.

### Entertain Campfire Group.

Members of the Wickham campfire group were entertained Tuesday evening at a taffy pull by Miss Ruth Corder at her home in First street. Various games were also played.

### Friends Say Farewell

Mr. and Mrs. C. B. Taylor were tendered a farewell by a number of their friends last evening who gathered at the Northern Pacific depot before the arrival of No. 2. The Taylors are leaving Bismarck to locate in the east. They will visit in the twin cities and points in Wisconsin before going to Chicago.

### Announce Annual Bazaar.

The Ladies' Aid society of the First Presbyterian church announces the date for the annual bazaar and supper for Saturday, December 8. The society is busy making articles for this

annual event. A splendid line of fancy domestic articles together with a fine line of home-made food stuffs, which will include fruit cake and mince meat, will be on sale.

### Music Section to Meet.

The Cliff club or Junior section of the Thursday Musical club will meet Friday evening with Miss Grace Myers at her home in Rosser street. The program will begin at 7:30.

### U. C. T. Dancing Party.

The dancing party to be given by the United Commercial Travelers Saturday evening in Patterson hall will be one of the big social events of the week. This is the first of a series of entertainments planned for the season and it is expected that a large representation of the organization and their friends will attend. J. C. Oberg, C. S. Fossum, George Bow-

ers and Dan S. Stewart compose the committee on arrangements.

### Entertain Lodge Members.

Mrs. L. M. Parsons, Miss Bessie Clark and Mrs. George Doorley entertained the members of the Royal Neighbors at a hard time party Tuesday evening in the home of Mrs. Doorley in Eighth street. Whist was played and honors for the game were awarded to Mrs. Lalone and Mrs. Emanuel Brown.

### Army Nurses Feted.

Grand Forks nurses who left the first of the week to take up active war service were entertained by the management of the St. Michael's at a dinner party served at the hospital during the week end. The honor guests were Misses Traynor, Mary Koller, Mathilda Thompson, Florence De Sautell and Hulda Larson. Saturday evening Miss Mae McCulloch,

chairman of the local committee entertained the nurses and members of their families informally in the home of Dr. and Mrs. H. M. Wheeler. They will be stationed for the present at Camp Dodge, Des Moines, Ia. Five more Grand Forks nurses will leave next week with the third detachment.

### Food Sale for Soldiers

Bismarck women will be given an opportunity to aid the soldier boys indirectly by donating home-made articles for the food sale Saturday at Hoskins given by the Woman's Auxiliary to Company A. Owing to the amount of work the members have outlined for this week, they are unable to solicit from all the friends of the boys and are asking that donations be left at Hoskins store early Saturday afternoon of that Mrs. Peter Read, Miss Piesou or other members be communicated with.

St. Mary's Sewing Circle of St. Mary's church met this afternoon in the Knights of Columbus hall. Mrs. William Laist and Mrs. Frank Ryan were the hostesses.

## BASEBALL MAGNATES BELIEVE COMING WINTER WILL SEE BIG CHANGE IN SPORT OF NATION

New York, Nov. 8.—Baseball magnates, players and followers of the game in general, are almost unanimous in expression of the opinion that the coming winter months will witness important changes in the methods and arrangements governing the professional end of the national sport. It appears certain that out of a mass of suggested and proposed changes radical certain developments will occur relative to the conduct of the business end of the game during the duration of the war at least.

Both major and minor league magnates will discuss and consider numerous suggestions looking toward improvement of conditions existing at the present time during the coming annual meetings. While no hasty action will be taken it is considered likely that several innovations both in combination and conduct of the sport will be adopted before the season of 1918 is reached. Owing to the difference of opinion on these points among the various club owners, it is difficult to name the proposals which may eventually be enacted in baseball law but there has been no dearth of these both from official and unofficial sources.

Among the plans advanced are the following: Shorter season and schedule in the major leagues, coupled with a suggestion to start the World Series several weeks earlier than has been the case in recent years; curtailment of the number of players now permitted to each club and a reduction of the present salaries; the shifting of one or more club franchises to new and more profitable fields of patronage; the elimination of long and expensive southern training trips; rearrangement of schedules with the idea of reducing the large annual transportation bills; readjustment or combination of minor league circuits in order to provide more attractive and lucrative play.

It is exceedingly doubtful if all of these suggestions are adopted but it is equally certain that some will find their way into the codes or agreements of the league since those in

## OHIO STATE WITH ONE HARLEY WAS TOUGH MEDICINE, BUT WITH TWO--WOW! ZOWIE!

Look out for Ohio State was the word passed around the Big Ten early this season.

And subsequent results have proved that the warning was not a false alarm.

Ohio State, champions of 1916, when Wisconsin, Illinois, Indiana and Northwestern were taken into camp, was treated considerably by the war. As a result the same team, with the exception of Captain Sorenson, fullback, and one or two others, is in the harness again and as the season nears its climax there is nothing in the west, with the possible exception of Michigan which even approaches the Wilcox machine.

The development of Pete Stinchcomb in the backfield is a big element in making Ohio State a greater team than in 1916. This youngster is said to be almost as brilliant as his teammate, Chick Harley, almost universal choice on the All-American back-field last year.

Ohio State with Harley on it was had enough for most opponents, but Ohio State with two Harleys would certainly stand a lot of these teams on their heads.

Another old star on the team is Eolen, next to Easton of Minnesota, the best end in the west last year.

## VANDERCRAAF, STAR AT ALABAMA, MAY BE SECOND OLIPHANT

West Point is usually able to take pretty good care of its football which scarcely ever languishes for want of well-trained, experienced men to take the places of those who graduate.

There are two reasons for this. The army team is not bound by the same eligibility rules which govern other big schools, freshmen, or plebes as they are called at the army school may play, and a man who has played three years at another school may come in and play four years at the Point.

Although the Navy is governed by the same regulations the army has the advantage as the age limit for entering West Point is 21, while at Annapolis it is 18.

One of the best cases in point at West Point is Elmer Oliphant, who played football three years at Purdue and was the choice of many as All-American halfback.

Oliphant is playing his third year at the Point and has one year to go. He is perhaps the greatest halfback in the country and he should be. The army has this year annexed another star who should be one of the greatest linemen in the country before he finishes.

He is "Bull" Vandergraaf, who for three years has played tackle on the Alabama team, who last year was second choice for All-American tackle and a unanimous choice for All-Southern tackle and who captained his team with great eclat.

Vandergraaf may be called the unluckiest player in football this year. In the Army's first game with Carnegie Tech he wrenched his knee and was put out of the game for three weeks.

In his first practice for the Notre Dame game he again wrenched the knee and will not be able to play again this season. But look out for "Bull" next year.

**THE LUCKY GUY.**  
The sport ed is a lucky sink  
He has an awful snap  
All he does is sit around  
And sometimes take a nap.

The manager of some boxing dub  
Lays on his desk all day  
A crippled baseball player stops  
And yowls about his pay.

The editor smokes his cigarettes  
And cusses out his page  
A rascally borrower dough, before  
He can do a comoflage.

The sport ed is a lucky cuss  
He's got to allibi  
When the football team or baseball  
club  
Is sick enough to die.

The football fan of 1930 may read  
of Elmer Oliphant making a touch-  
down for West Point.

Fielder Jones denies he will quit  
the Browns next year. Some one is  
always taking the joy out of life.

Making a masse-shot is just like  
cating peas off your knife. It's easy  
after you once learn how.

These meatless days mean nothing  
whatever in the lives of some ras-  
slers and punk box fighters we know  
of. Every day is a meatless day for  
them.

What has become of the old-fash-  
ioned shinney player who spit on his  
hands before he hit the ball!

missioner for Friday

George Walker of Helena, Mont.,  
president of the Bankers' Insurance  
Co. of Montana, which has had some  
difficulty in adjusting this year's  
enormous crop losses, which it cov-  
ered with a blanket policy insuring  
up to \$7 the acre against drouth, hail,  
cyclone and other destructive ag-  
encies, called on Insurance Commis-  
sioner S. A. Olesness on Wednesday.  
President Walker probably will remain  
over until Friday, when the insur-  
ance commission will have a confer-  
ence with W. H. Sibbald of Minot, state  
attorney for the Bankers, and other  
representatives of the company. This  
company has \$2,500,000 worth of busi-  
ness covered in North Dakota, prin-  
cipally in sections where drouth con-  
ditions were most severe.

### NOTICE OF MORTGAGE FORECLOSURE SALE.

Notice is hereby given that default existing in that certain mortgage, executed and delivered by Jacob J. Berg and Annie Berg, his wife, mortgagors, to Barnes Brothers, Incorporated, of Minneapolis, Minnesota, mortgagee, dated the 26th day of March, 1913, and filed for record in the office of the register of deeds of the county of Burleigh and state of North Dakota, on the 31st day of March, 1913, at 11:10 o'clock a. m. and recorded in book 106 of mortgages at page 231, and no action or proceeding having been instituted at law or otherwise to recover the debt secured by said mortgage or any part thereof: Said mortgage will be foreclosed by a sale of the premises in such mortgage and hereinafter described at the front door of the court house in the city of Bismarck, county of Burleigh and state of North Dakota, at the hour of 2:00 o'clock p. m. on the 1st day of December, A. D. 1917, to satisfy the amount due upon such mortgage on the day of sale.

The premises described in such mortgage and which will be sold to satisfy the same are described as follows, viz: The southeast one quarter (SE 1/4) of section eight (8), township one hundred forty-two (142), range seventy-five (75).

There will be due on said mortgage at the date of sale the sum of \$39.36, principal and interest, and the further sum of \$108.44, by reason of certain interest coupon notes, which were prior liens upon the said land and which were paid by the said mortgagee and which makes the total sum due on date of sale of one hundred forty-seven dollars and eighty cents (\$147.80) together with the costs and disbursements in this action.

Dated at Kenmare, N. D., this 23rd day of October, A. D. 1917.

# SHIPPING LOSS OF WEEK IN NEW MINIMUM

Number of 1,600-Ton Vessels Sent  
to Bottom by German Subs  
Is Reduced to Eight

## ITALIANS SUFFER LOSSES BY TORPEDO

London, Nov. 8.—A marked decrease in the British merchant ships sunk during the last week is noted in the admiralty report tonight. Only eight vessels over 1,600 tons were sunk by mines or submarines and four vessels under that tonnage. No fishing vessels were sunk.

**The Summary.**  
Arrivals, 2,384 sailings, 2,079.  
British merchant vessels over 1,600 tons sunk by mine or submarine, including two previously, eight under 1,600 tons, including one previously, four.

**Fishing vessels sunk, none.**  
British merchant vessels unsuccessfully attacked, including five previously, six.

**Destruction Decreases.**  
The sinking of British merchant ships, recorded in the latest admiralty report are the smallest in point of number since the unrestricted submarine warfare began early in the year.

They probably are the smallest in tonnage also for while in the week ending Sept. 16 only eight vessels of 1,600 tons or over were sunk. 20 vessels under that tonnage were destroyed.

The next best record in point of number was in the week ending Sept. 30, when 13 vessels were sunk: 11 large and two small.

## ITALIAN LOSSES

Rome, Nov. 8.—The Italian shipping losses from submarines in all seas for the week ending Nov. 4 were two steamers under 1,500 tons and three sailing craft under 100 tons.

## LAWYER SUES RAILWAY FOR NOT WAITING FOR HIM AS PER AGREEMENT

Bottleau, N. D., Nov. 8.—Because a Great Northern branch train did not wait for the main line No. 9 at Rugby, as he alleges had been promised, compelling Attorney J. J. Weeks to employ an automobile for a wild drive in an effort to reach Bottineau for a hearing which had been set for 7 o'clock the same evening, the barrister has brought suit against the railway company, claiming a considerable amount in damages.

## CAR CHECKER KILLED.

Young Man Caught Between Cars in Yards at Aberdeen.

Aberdeen, S. D., Nov. 7.—Harry Parsons, telegraph operator, aged 17, was crushed to death in the Milwaukee yards when caught between two cars, while engaged as checker. His father, Harry A. Parsons, is in the employ of the Milwaukee line here as a train dispatcher. The last rites were held at the Methodist Episcopal church this afternoon.

# BAKERS PLACED UNDER FEDERAL LICENSE ORDER

President Soon Will Issue Orders  
to Regulate Bread Con-  
ditions of Country.

## NEXT MOVEMENT IN FOOD CONTROL

Washington, D. C., Nov. 8.—An attempt to reduce bread prices will be the next move of the food administration in assuming control of the principal food commodities. At the request of Administrator Hoover, President Wilson will issue within a few days and order directing that every baker in the country be required to do business under federal license.

Rules and regulations governing the baking industry already have been drawn up by the food administration, and will be put into operation as soon as the executive order is out. They will provide a standardized loaf of probably two, three and four pound formulas have been selected and bread will be permitted to use no other. The new war bread will contain a reduced amount of fats, as both the lard and milk content will be cut down considerably. It probably will be produced in 20 ounce and 10 ounce loaves. No prices will be fixed outright, but the regulations will prescribe that only reasonable prices may be charged. Consumers' committees have reported to the administration that in most places loaves of this size can be sold at 10 and five cents, respectively.

Food administration officials are giving serious consideration to the situation created by the short wheat crop, and it is believed likely that before many months bakers may be required to add a certain amount of corn flour in baking bread. Dietetic experts now are working out formulae containing wheat flour substitutes.

Washington, Nov. 7.—An immediate investigation of charges that coal operators and dealers are not carrying out the orders of the fuel administration fixing prices and governing distribution will be started by the department of justice.

Orders have been prepared directing all federal district attorneys to study the fuel administration's regulations and to see that they are enforced. The directions will call for a careful sifting of charges and prosecutions wherever it appears that the law has been violated.

Seizure of coal from trains by Ohio mayors and city officials will be left, the fuel administration announced tonight, to the Ohio state fuel administrator for action. In a statement issued earlier in the day, Fuel Administrator Garfield characterized this sort of confiscation as "wholesale robbery."

## EIGHT STATES REACH GOAL.

Washington, Nov. 8.—Eight states have passed their goals in the food administration's family enrollment

campaign for food conservation during the war and reports to headquarters here tonight show that nine others have enrolled more than 60 per cent of their families. Latest reports showed a total enrollment for the nation of 8,398,794.

Missouri, with more than 500,000 pledges signed, leads the states, with California second.

## DISPARITY IN PRICES.

Helena, Mont., Nov. 8.—Information showing the spread between wholesale and retail prices for commodities in this part of the country, as well as in others, will be given to the public as soon as the "fair price" committee of the food administration completes its studies, announced Alfred Atkinson, food administrator for Montana.

"When these studies have been carried far enough," says Mr. Atkinson, general information will be sent out on the price of commodities in different sections of the country. It is expected that wholesale and retail prices will be announced so that the public may have an idea of the relation of the two. Naturally there will be agitation for a reduction in the profits which retailers appear to be getting, and, no doubt, there will be many cases where such reductions ought to be made.

## INCREASE OF MEAT SUPPLY.

Helena, Mont., Nov. 8.—Small flocks, to increase the meat supply, are to be urged on the farmers of the state by Chancellor E. C. Elliott of the University of Montana, who as a member of the food committee of the state council of defense, will broach his proposals when the committee gathers here tomorrow. Dr. Elliott said today that the "surest and quickest way to increase Montana's meat supply is to get over the notion that large flocks are necessary. If we can get the farmers to raise sheep and cattle, we shall soon be in a position to supply more meat. We must carry on a campaign of education to show our farmers that each can raise a limited amount of stock."

# AUTO MEN AID GOVERNMENT IN EFFICIENCIES

Detroit Men Selected to Assist  
Henry Ford in Speeding  
the Movement.

## PLEASURE CARS TO BE LESSEED

Washington, D. C., Nov. 8.—John R. Lee and A. W. Copland of Detroit, Mich., today were named members of an official committee of three of the automobile industry to aid the government in applying the energies of the industry to the prosecution of the war.

Mr. Lee was named by Henry Ford and Mr. Copland by the Motor Accessories manufacturers. The third member of the body, will be appointed by the national automobile chamber of commerce. Gradual conscription of a considerable part of the nation's motor manufacturing facilities is expected to begin as soon as details can be worked out. It will be the duty of the new committee, working with the war industry board of the council of national defense, to adapt the industry to the needs of the government.

Priority shipment orders already have indicated what industries may be expected to be called on next. Restrictions on the shipments of materials for the manufacture of furniture, pianos and pleasure vehicles and the construction of theaters and highways were placed several weeks ago. The army's needs will be the factor in deciding when other industries will be shown how they can do their part.

Curtailed of the manufacture of pleasure cars, involving as it does the existence of sales agencies with an estimated investment of \$800,000,000 scattered through every town and city in the United States, is expected to be on the hardest problems which the committee and war industries board will have to solve.

The automobile men regard all pleasure vehicles as having a business value and being necessities to their owners. The priority orders issued under the authority of the council of national defense have indicated that government officials hold a radically different opinion. What arrangements will be made depends on the needs of the government.

Assurances have been given that nothing will be done to cripple an industry which is estimated to support five per cent of the country's population. On their part the automobile men have pledged their fullest cooperation to the government in whatever is necessary to win the war.

## TURTLE MOUNTAIN INDIANS ORGANIZE RED CROSS SOCIETY

Belcourt, N. D., Nov. 8.—The Turtle Mountain chapter of the Red Cross is believed to be the most unique in North Dakota, in that its membership is very largely composed of Indians. R. C. Graig is chairman, and Kakawash, a full-blooded Indian and hereditary chief of the Turtle Mountain tribe, is vice chairman. Sixty-one charter members joined the chapter, and it is expected to become one of the most active organizations in Rolette county.

## FIRST TIME FEAT TRIED BY WOMAN

San Francisco, Cal., Nov. 8.—For the first time a woman swam a round trip course across the Golden Gate today. She was Miss Hazel Cunningham, an 18-year-old nurse. Her time was one hour, 35 minutes and 25 seconds. The course each way was seven-eighths of a mile.

The swim was unofficial, but had the sanction of the Pacific Coast Athletic association.

## Bodily Housekeeping

(By V. M. Pierce, M. D.)  
The subject of drinking water with meals has been misunderstood for a hundred years.

In recent years investigation by means of X-rays, the observations of scientists such as Cannon, Grutner, Pavlov, Fowler, Hawk, prove that an abundance of water taken during digestion is necessary in good bodily housekeeping. Drink plenty of water with each meal. Do not drink ice-water at any time.

If your kidneys are sick, or you suffer with lumbago or rheumatism at times, pain in the back or back of the neck, take a little Anuric before meals. This can be found at any good drug store. Therefore my advice to young or old is always drink plenty of pure water. And for long life occasionally take tablets of Anuric three or four times a day.

## AN IMPORTANT LETTER FROM HELENA.

Helena, Mont.—"When I was about 19 years old I took a severe cold. Afterwards I suffered so at times I would have to go to bed and sometimes call a doctor. I continued to grow worse until I began using Dr. Pierce's Favorite Prescription. Six bottles of it cured me."

"When my daughter was coming into womanhood she was a nervous wreck. In the first stage of St. Vitus' Dance, I gave her four bottles of 'Favorite Prescription' and it cured her."—Mrs. F. L. DRAPEL, 1321 Boulder Ave.

**Building the Pullman Car**

**THE strength of the Pullman Car** represents one of the best forms of insurance the traveler can buy.

For seven years every car built by the Pullman Company for its service has been of steel.

During this period a large proportion of the older, but still modern cars, have also been rebuilt to almost equal strength.

This has been accomplished by rebuilding with steel under frames, steel vestibules and steel sheathing on the sides.

In addition to the factor of safety, fifty years of experience in designing and building cars has brought about an almost unheard of development in travel convenience and luxury.

The modern Pullman is fully equipped with the most up-to-date steam heating, electric lighting and plumbing.

It offers a degree of safety, innumerable luxuries and a personal service that have established a world-wide reputation.
